

MUSTAFA AL-OGAILI

Must@umich.edu | [Portfolio](#) | [My LinkedIn](#) | MI, United States

EDUCATION

University of Michigan School of Information

Ann Arbor, MI

Master's of Science in Information - Applied Data Analytics

Graduated

- **GPA:** 3.9/4.0 | **Relevant coursework:** Programming and Developing, Data Analysis, Machine Learning and Data Modeling

University of Michigan College of LSA

Ann Arbor, MI

Bachelor's of Arts in Psychology - Pre-Medical Studies

Graduated

PROFESSIONAL EXPERIENCE

First National Bank of America

East Lansing, MI

Business Analyst

Sept 2025 - Current

- Analyzed large datasets to identify trends and anomalies for BSA/AML compliance and regulatory reporting
- Conducted model governance testing and data validation to ensure accuracy of fraud monitoring systems through Verafin
- Compiled and organized data for OCC-MLR and annual BSA risk assessments to streamline reporting
- Built and maintained reporting frameworks using advanced Excel to support compliance and efficiency

University of Michigan

Ann Arbor, MI

Instructional Aide - Programming and Data Analysis (SI 507, SI 544)

Aug 2025 - May 2026

- Facilitated discussion sections and provided support for students using Python and R virtually
- Helped develop and grade assignments such as discussion posts, labs, and exams
- Guided students in debugging, coding practices, and statistical data analysis
- Collaborated with instructors to refine materials and enhance student learning outcomes

Indiana University Bloomington

Remote

Data Science Intern

May 2025 - Sept 2025

- Developed standardized ontologies to model research datasets, boosting interoperability and cutting integration time by 25%
- Engineered and fine-tuned LLM prompts to enhance NLP-driven data labeling workflows
- Automated data transformation pipelines to convert unstructured outputs into machine-readable formats
- Evaluated LLM output quality to inform the design of scalable, AI-assisted data processing tools

University of Michigan School of Information

Ann Arbor, MI

Program Assistant

Apr 2025 - Sept 2025

- Analyzed email metrics to refine outreach strategy and improve engagement
- Designed onboarding materials and a Canvas site to support prospective students
- Maintained the program's Google Sites hub, improving navigation and access to key info
- Coordinated outreach events and adapted messaging based on student feedback

Civic Operations Group & Second Street Associates

East Lansing, MI

Campaign Manager

May 2024 - Nov 2024

- Developed data-driven outreach models that increased voter engagement by 22% through targeted strategies
- Analyzed campaign data to boost policy awareness 25% and improve operational efficiency
- Streamlined communication workflows using Excel, reducing costs by 15% and enhancing overall campaign effectiveness

PROJECT EXPERIENCE

AI Powered Job Matching Agent

Ann Arbor, MI

AI and Data Analysis

Jan 2025 - May 2025

- Built a job matching agent using LangChain and OpenAI for personalized career recommendations
- Boosted accuracy and contextual relevance with a RAG pipeline powered by real time labor market data
- Engineered a dynamic conversational interface optimized for UX and data driven interactions

Live Stock Market Display

Ann Arbor, MI

Market Analysis

Aug 2024 - Jan 2025

- Built a real-time stock visualization for top 20 S&P 500 stocks on an 8x32 LED matrix
- Leveraged Python libraries (requests, pandas, PIL, numpy) for data fetching, processing, and smooth display
- Fetched live stock data via API and updated display in real time
- Combined data analytics and hardware control to create an interactive financial data display

TECHNICAL SKILLS

- **Programming:** Python, R, RStudio, SQL, SAP, Snowflake, Power BI, Git, Excel, Tableau, JIRA
- **Data Science/Analysis:** Machine Learning, AI, Data Cleaning, Data Visualization, Business Analytics and Processing
- **Business and Finance:** Financial Modeling, Risk and Compliance Strategy, Data Visualization, Business Intelligence
